

HOW-TO GUIDE

Welcome to WORLD Magazine's digital edition for the iPad. Below is a quick guide to reading, interacting, and having the most fun with our app. *Enjoy!*

READING

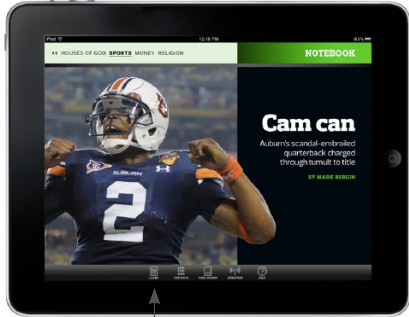

To-may-to, to-mah-to: whether you prefer to hold the iPad vertically or horizontally, you can rotate to view pages in either orientation.

To navigate from page in page and story to story, swipe horizontally—just as you would a print magazine.

NAVIGATION

GETTING STARTED Tap the screen once and the navigation bar appears at the bottom. Tap again to hide. You'll need to do this every time you want to access the navigation tools.

COVER From anywhere in the magazine, tap the cover icon to jump back to the front.

CONTENTS Tap this icon to jump to the table of contents. Touch an image or headline to jump to an article.

PAGE VIEWER Tapping this icon brings up a thumbnail overview of the magazine. Each image shows the first page of a story. Swipe horizontally to browse through the entire issue. You can also navigate by touching and dragging the slider button below the images. Touch a thumbnail image to jump to any story.

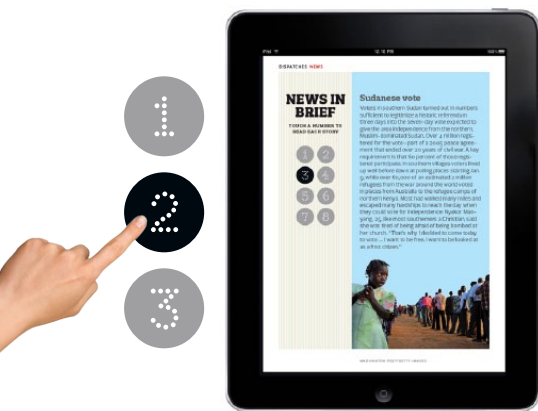

NEWSFEED Tap this icon to read up-to-the-minute news stories from our streamlined browser.

SUBSECTION LINKS At the top of pages in each of the Departments, tap a subsection title to jump from one subsection to another. Tap highlighted text in a story to jump to another article.

MULTIMEDIA

HOTSPOTS These interactive buttons appear throughout the magazine in various shapes and sizes, such as numbers, symbols, and thumbnail images. Touch a hotspot to view additional content.

VIDEO Touch the play button to view. You must be connected to the internet in order to watch videos. Hint: turn the iPad horizontally for the best video view. Touch the fullscreen button in lower right to enlarge; tap "Done" when finished.

SLIDESHOWS Swipe to see a gallery of more images; touch to view in full screen; and touch the screen again to go back to the regular page view. Hint: See our cartoons like never before.

SCROLLABLE AREAS Follow the cues to scroll vertically or horizontally.

AUDIO Touch the audio button to listen to a recording.

WEB LINKS Tap a link to view online content in-app; touch the close button to return to the magazine page.
